Mauna Loa in Eruption

The following interesting letter has been received here by Mr Ernest Campbell, from his sister, Mrs. W. C. Ogg of Honolulu. It gives a fine account of the famous volcano, Mauna Loa in eruption:

Pahala, Kau, Hawaii, Jan. 17, 1907.

Old Mauna Loa is doing itself proud! We went to Hilo last week and on Wednesday night, Jan. 10, the Kau corner of Mokuaweoweo broke out and the whole heavens were covered with beautiful red and yellow lights. It lasted from 12:30 to 4:30 and then died down and nothing more was heard from it until Saturday afternoon when it was reported from Hupoloa (where the steamer lays all night) that there was a flow. That night and the next we could watch its progress down the mountain side by the glow in the sky. There were no shakes at the Volcano House or in Hilo, but Kau had them continuously Thursday and Friday. Some have counted over a hundred. I have my ornaments and choice china packed away in the beds.

The flow is coming down in two big streams. One heading into the big Koa Forest (Bishop Estate) in Kona and one through the Kahuka Ranchon, the 1887 flow. On Sunday at noon it had reached the Government macadam road and is now half way to the sea. The old saying among the natives is that Madame Pele never stops until she has had a sea bath and then she gives herself a mighty shake.

On Monday Will declared a half holiday and we took a big coach with four horses, carriages and saddle horses and about half of the white employees went over. The Kau flow is about seventeen miles from Waiohinu, thirty three from here We came in sight of it first about six miles the other side of Waiohinu. It was grand to see that terrible fiery monster winding down that great mountain (13,500 feet) side. And the whole country even at that distance was as light as day, but everything had a red glow like tableaux lights give. We drove to within a hundred feet of it and then began our explorations.

The part over the road, a bank twenty feet hiph, had cooled and was quite dark except in the crevices where there was a red glow and now and again a boulder would fall carrying a whole avalanche of small stuff with it exposing the great firey furnace within.

We skirted around ahead of this slow moving mass and kept on over the old flow for half a mile until we came to the main stream which was estimated to be two or three hundred yards wide with that width of cooling lava on either side.

This is an Aa flow. You remember crossing the Aa flow in going up to the Volcano House.

The middle of the stream was running at the rate of seven or eight miles an hour and when we had climbed up the side of it, fifteen feet, the intense heat and glare choked and blinded us. Toward the edges it was darkening and running slower. Where we were standing, the motion was acarcely perceptible, but not so the burning of our shoes and rubbers; that was a very evident fact.

It was the sight of a life time to see that great molten mass come rushing and tumbling down at our feet. You know how often we have wondered how the immense boulders came to be poised in such fantastic positions, but after seeing this, one knows that no earthquake is needed to pile them up.

Another branch has started out toward Waiohinu this morning and even Pahala is enveloped in smoke. There were five hundred people over there walking, riding donkeys and in every sort of conveyance imaginable. Every nationality that you could think of. The Koreans and Japs were all burning their dimes and quarters like the rest of us. It was a weird sight. The "Claudine" is coming to-day with Honolulu people. We are the lucky ones this time alright.

Aloha from
FLORENCE CAMPBELL OGG.

LOST HIS ROBINS

The question whether robins are song or game birds, is still unsettled but it is now up to the State Game Commission to take it to the courts The Reveille has the following to say, the experience of a resident of Cloverdale:

Sam Adcock of Cloverdale, received an official visit Thursday from Arthur M. Fairfield of the State Fish and Game Commission. The visit was rather unexpected but still it was not an unpleasant one. It seems that Sam had been reading one of the Santa Rosa papers and saw that District Attorney Lea had given County Game Warden Ingalls an opinion that he would not prosecute for killing robins in the county and that under the law they are not protected, being a game bird. Robins are plentiful in this vicinity, so Mr. Adcock starts out with shotgun and soon is popping away at the birds, returning with fifteen dozen. He packed the birds in a box and shipped them to San Francisco consigned to himself. Thinking he might have trouble in getting them through Wells Fargo he labeled the box "pigeons." The game commissioners seized the box upon its arrival in the bay city and immediately Mr. Fairfield was ordered to come to Cloverdale and look up Mr. Adcock. When seen Mr. Adcock stated he had read the district attorney's opinion and had no thought of violating the game law. The commissioner was brought to the Reveille office and furnished the clipping from the county seat paper, which he took with him, and will take up the matter with the game commission. Whether the game commissioners will take the matter as the district attorney remains to be seen. Anyhow, Sam was not molested, but he is minus the birds.

Ferdinando Adami Dead

Ferdinando Adami a well-known man about town died Monday afternoon at Green's sanitorium of pneumonia.

Deceased had been ailing for some years from bronchial affection and when the dread disease came he was not able to withstand its ravager. He had been employed by L. Quarteroli for many years in the wine making business. The funeral took place on Wednesday from St. Francis' Church, Rev. Father Leahy officiating, and was largely attended. Interment was in the Mountain Cemetery, Sonoma.

Between Showers

He had just read McAdie's weather report in the Sunday papers promising thirty-six hours more rain, and hot-footed it for the Expositor office, and opening the door of the composing room asked the printer, "It a farmer raises 565½ bushels of wheat in dry weather, what will he raise in wet weather?" The man of types pleaded ignorance. "Why, an umbrella!"—and he was gone; only the dent in the door panel where the mallet struck remains, a mute record of another great wrong remaining unrevenged.

SUPERVISORS MEET

The board of supervisors met at the Court house on Monday morning in regular monthly session. Chairman Herbert W. Austin presided and Supervisors Blair Hart, I. J. Button, G. J. Armstong and C. L. Pattieson were at their desks.

The regular business of the opening day of the session was disposed of, the minutes being read by Clerk Fred L. Wright, and approved and other matters attended to.

Charles E. Humbert, one of the directors of the Cloverdale Citrus Fair Association, addressed the board and asked for an appropriation toward advertising the county at the fair. A motion was made granting the association $150.

District Attorney Clarence F. Lea has been instructed to begin an action against the Yulupa Land and Water Company and Mary, Maggie and Annie Biggins, to procure a right of way for a public road in Agua Caliente road district. The parties named are non-consenting landowners in the matter.

The Board sold a box of shovels and bars to J. H. Brackett for $20 and the old boiler formerly in the court house for $50.

Commissioner Blair Hart presented the following road bills which were allowed: Agua Calienta, $154; Glen Ellen, $133; Lakeville, $115.45 Penngrove, $91.50; San Luis, $314.20.

FRIDAY FEBRUARY 8, 1907

The grape growers of Ukiah and vicinity have decided to take measures to protect the vineyards of Mendocino county from any diseases that might be imported. A committee of grape growers recently requested the board of supervisors to appoint a horticultural commission and pass an ordinance that will compel the disinfection of imported cuttings.

PROSPECTS BRIGHT

As a result of the meeting of Commissioners, F. T. Duhring of Sonoma and H. G. Hahman of Santa Rosa, went to Sacramento last week, a bill was introduced in the legislature providing for an appropriation of $2,500 for the preservation of the Sonoma Mission.

This is as it should be and there is no reason to expect that the bill will fail of passage. The representatives from Sonoma Co. especially will win the gratitude of our citizens generally by an earnest advocacy of the measure.

WEAVER PUMP CO.

President Otto Rufus and inventor, A. W. Weaver went to San Francisco Thursday week and completed the purchase of all the necessary machinery for the manufacture of the Weaver Patent Pump. The plant will be established at present in Weaver's blacksmith snop in El Verano and as some of the machinery has already arrived, ere long the busy hum of Sonoma Valley's new industry will soon be heard.

The Weaver Patent Power and Pump Co., expect to be able to supply the demand for the Weaver Pump in a very few weeks. The fact that the Weaver pump can furnish more water in less time and at less expense than any other pump on the market has been fully demonstrated and the company confidently expect a large and ready sale for the wonderful new invention.

Trains Abandoned

On account of a combination of heavy rains to soften the levies and an excessive high tide, the tracks of the Southern Pacific and California Northwestern, were washed out and weakened so that the only way out of Sonoma valley was by way of Santa Rosa. The morning trains on both roads were abandoned and wrecking trains with a large crew of men were soon at work filling in the road bed and repairing the tracks. Quite a number of people of this valley who had business in San Francisco had to postpone their trip, while others endeavored to make their connection by way of Santa Rosa. The Calif. Northwestern morning train only ran as far as Shellville and then returned to Glen Ellen. The Southern Pacific finding a tressle out at the same point returned its passengers to Santa Rosa. Both damaged tracks were soon repaired and by Sunday morning trains were running at the usual hour.

THE WEATHER

At present writing it seems tha the sto my weather is over at least for a while during which time a few days of sunshine would be greatly enjoyed and very beneficial. Robert Hall, in giving us the report of the rainfall this season, also made the pleasant prediction that fine weather could be expected for some time to come. The total rainfall for the month up to 7 a. m. yesterday was 5.41 inches and for the season 22:32 inches. For the same time last year the precipitation amounted to but 11:72 inches.

Bean-MacQuiddy Nuptials

A wedding occured this week in Oakland which will be of much interest to the people of Sonoma.

Miss Ruth MacQuiddy, who lived here for a number of years and was prominent in social circles and an carnest worker in the Congregational Church, was married to Charles Clifton Bean who formerly filled a position in the Adler lumber yard.

One especially interesting feature of the happy event, was that the date of the wedding, February 4, 1907, was the anniversary not only of the bride's parents but it was also that of the grandparents.

The pastor of the Congregational Church, Rev. C. C. Cragin, was the officiating clergyman who started the happy couple out on their voyage of life. That the voyage may be a happy one is the sincere wish of their host of friends and the Expositor joint them in best wishes for prosperity.

FALLS FROM STAGING

Pat Mullen, of Glen Ellen, who has been lately employed at the Eldridge Home, as a brick mason's helper, walked off a scaffold last Monday and fell about thirty one feet to the ground. Fortunately the spot where he fell had been cleared of brick and the recent rains had so softened the ground that the man was not seriously hurt. No bones were broken and while at first it was thought he would suffer from concussion of the brain or that he was injured internally, he seems to have escaped with only a few bruises. He was taken care of at the Home Hospital and is rapidly recovering from the injuries he received. His friends informs us that he will be able to be around again the first of the week.

LAID TO REST

All that was mortal of the late former General Manager, H. C. Whiting of the California North western R'y, was laid to rest in Mountain Cemetery, Sunday. The body was brought to Sonoma on a special train and was largely attended by relatives and friends and members of the Masonic fraternity. The latter conducted the funeral services at the grave.

Mr. Whiting was connected with the C. N. R'y for nearly thirty-five years and until a short time ago was its general manager. He was an honest upright gentleman and on account of his noble charater and high sense of justice and right, enjoyed the esteem, not only of the company but of a wide circle of friends throughout the West.

Deceased was a brother of Chas. Whiting a pioneer poultryman of this city.

OUR LITTLE ONE GONE

Last Saturday evening the infant daughter of Editor and Mrs. W. O. Hocker, passed to the great beyond. The precious little soul survived her birth but two days but a malformation of the heart prevented a longer life.

We are very grateful for the kindness and expressions of sympathy extended to us in our hour of sadness,

The interment, which was private, was held on Monday morning in Mountain Cemetery.

$1000.00 BOND FORFIETED

An important action taken by the Supervisors on Wednesday was to instruct District Attorney Clarence F. Lea to commence proceedings against O. C. Baldwin of San Francisco, to recover the amount of the bond, $1,000, that he gave to carry out the electric railroad from Santa Rosa to Sonoma. The bond has been declared forfeited.

SPORTING NEWS

Woods, a well known amateur boxer of San Francisco, in an eight round contest The outcome of the battle between the two will be watched with considerable interest. The Club have also made arrangements for three or four preliminaries in which some promising youngsters will take part so that there will be plenty of entertainment for the lovers of the fighting game.

Petaluma vs. Sonoma

The Petaluma high school football team will journey to Sonoma tomorroy, Saturday afternoon, to battle for supremacy with the Sonoma high school for foot ball honors. The Petaluma team is an experienced team in foot ball and has been coached for several weeks past by a past master of the game. The local lads have never as yet played a game with an outside team but they have improved very much in that art under the coaching of W. C. Nolan and are prepared to contest every inch of ground with the visiting lads. Some fine athletic material is found among the high school team and they expect to demonstrate on the gridiron to-morrow, that they are not afraid to pit their brawn and muscle against the best of them. Their motto, "just watch our smoke and see." As the local team guarantes the expenses of the visiting team, a small admission fee will be charged.

MAY RACES

The Sonoma County Driving Club held its annual meeting Monday evening and elected the following officers: S. B. Wright, president; Joseph T. Grace, vice president; Frank S. Turner, secretary; Geo. A. NATURE'S ESSENCE.

Extracted From Forest Plants.

Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for. Take the bark of the black-cherry tree, the root of mandrake, stone root, queen's root, bloodroot and golden seal root, make a scientific, non-alcoholic extract of them with just the right proportions and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this vegetable extract and alterative of the greatest efficiency.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold largely in the past forty years that any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is purified and enriched—the vital fires of the body burn brighter and the increased activity consumes the tissue rubbish which has accumulated in the system. Doctor R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, Buffalo, N.Y., and a physician of large experience and practice, was the first to make up an *alterative extract* of native medicinal roots, WITHOUT A PARTICLE OF ALCOHOL, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The "Golden Medical Discovery" is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia, or from a debilitating fever. No matter how strong the constitution the stomach is apt to get "out of kilter" now and then, and in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body, and so cures liver and kidney troubles. If you take this NATURAL BLOOD PURIFIER AND NERVE TONIC you will assist your system in manufacturing each day a pint of rich, arterial blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which over-worked people experience is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue." Dr. Pierce's Golden Medical Discovery *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful, Dr. Pierce's Golden Medical Discovery STANDS ALONE as the one medicine for stomach, liver and blood disorders that has the ingredients printed upon the wrapper of every bottle leaving the great laboratory at Buffalo, N. Y., which *cures* in Nature's own way; not only does it STAND ALONE in respect to its ingredients being known, but also as the only tonic and restorative which absolutely contains *no alcohol*.

"I was taken with a severe cough, weakness in my back, a 'glimmer' over the eyes, had a bad breath, and stomach was out of order," writes H. Geddis, of 1423 South Tanna Avenue, Tacoma, Wash. "I felt sluggish, did not care for anything, had no life, it was almost misery to move, appetite very poor. I read Dr. Pierce's Common Sense Medical Adviser and went right away and purchased two bottles of his 'Golden Medical Discovery,' and before I had taken all of one bottle I felt better. If any doubt the truth of this testimonial they may write to me."

Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so *help* to cure nearly every disease of mankind. They regulate, tone up and invigorate Stomach, Liver and Bowels.

Our Success

Isn't made up of orders. It is made of re-orders. And a good customer wrongly treated, lasts no longer than the shoddy he buys.

There is always a "comeback" on every sale. Whether it is a "come back" in re-orders, or a "come-back" in returned goods depends entirely upon your product itself.

VALUE RECEIVED is the most potent salesman after the first order has been filled. Every cent SAVED is shortened VALUE—is LOST in shortened TRADE. To keep up the sales we keep up the quality.

We aim first to sell SATISFACTION; and the goods that give it will re-sell themselves.

Very "Special Offer"

Our subscription books are open this month to sell to 1000 families a co-operative share in this company for special "building-up" purposes. A membership costs $10.00. You get a certificate for it entitling you to five per cent. discount on all goods you buy from us. For only $10.00 invested you get this liberal discount and practically own the goods you buy at cost. You share in net profits earned by these shares besides, if you wish to invest more, but no larger discount is given to any one.

Purely as an investment I know of nothing better. I have managed and helped to manage this business since a boy and I know what it is worth and what it will do. There is not a detail I am not personally acquainted with and able to perform. I am therefore sure when I say, "It will pay you." It will pay more returns than you have any idea of, particularly in the next five years, during San Francisco's rebuilding. You get your share without work or effort. It's a chance to go into business with your small capital, joining ours to earn the same proportion.

It is a rare chance.

If you believe after twenty-six years of conservative and a successful business, we are capable of handling your account, earning added money for you by saving—then write to me today for special payment terms, stating the amount you wish to invest. You can buy on the bedrock basis NOW. The shares of this Company are $10.00. I look for them to pay 10 per cent. dividend in 1907. They will sell at a premium one year hence. Our credit and business was never greater. Our earnings are three times what they were.

Our April loss will be made up, and more so, in one year. It speaks for itself—and the Cash Mail Order System—that our total fire loss, crushing as it was, did not annihilate us; that we had a building in progress on rear L of our lot before the fire stopped burning; that we built and own a commodious building adjoining, with greater facilities than before, and that we duplicated over $2,000 worth of goods at once to our patrons so none should suffer.

It will take money to rebuild and stock our permanent Market-street location. We know added trade is in sight as soon as we do so, thus this "Special Offer" to bring in new funds quickly. At present we devote ourselves mostly to Builders' Hardware and Staple Groceries in everyday demand. We may carry Clothing, Dry Goods, and similar lines on the ground floor on Market street—the rear adjoins present buildings.

Our sales today are $1000 to $1600 daily. Expenses are $3000 a month less than to sell the same amount formerly. Join while we are "building up" and reap the benefit while it costs only $10.00

Drop me a line and I will promptly answer your inquiries.

SEND US $10.00

for one fully Co-operative Share in this rapidly developing business, established 1879. You will then share in co-operation at its best.

EVERYBODY MAY, and surely will, come in with us on this basis. We have formerly not sold less than five shares to one person—$50.00. Now $10.00 does the work. Today we say we sell five shares to five persons and gain lots of added custom by doing so. It's a broad business principle, but it takes broad-guage liberal methods today to win.

You can take as many more shares as you like—for investment—not over 100: but you are a co-operative in the fullest sense of the word, whether you invest $10.00 or $1000.00. We want your added good will and expect you to find one more investor besides.

A mail order house owned by its customers, must succeed immensely. Each person who subscribes $10.00 get a fully paid-up certificate entitling him to our "owner's co-operative discount" on all his purchases of five per cent. It is paid at the time of purchase of each bill of goods, large or small. You may deduct it in remitting from your order. If your bill is $20.00 take off five per cent. ($1.00) and send $19.00.

This offer to come in for $10.00 as part owner in the store is good all this month. Write us to reserve you a share if you can't take it this month. Dividends will be paid on shares, but the five per cent. co-operative discount is the greatest dividend to $10.00 owners. It isn't much risk—there is no risk. This store is fortunate in having a few hundred shareholders already, we refer to all of them.

$8.50 PUNCTURE-PROOF TIRES ONLY $4.80 PER PAIR
Factory Price $8.50 per pair. To introduce We Will Sell You a Sample Pair for Only $4.80
4 NAILS, TACKS OR GLASS WON'T LET OUT THE AIR
(CASH WITH ORDER $4.65)
NO MORE TROUBLE FROM PUNCTURES.
Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.
Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

Notice the thick rubber tread "A" and puncture strips "B" and "D," also rim strip "E" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.
DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $8.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented.
We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.
We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.
COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.
DO NOT WAIT but write us a postal today. DO NOT THINK OF BUYING a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.
